

Dear Prospective Member:

The National HBCU Alumni Associations, LLC (NHBCUAA) formed nearly four years ago to be a resource for the 105 HBCUs and their alumni associations to improve capacity building, membership development, and fundraising strategies. To assist them in these areas, we have increased our visibility and name recognition with federal, state, and local funding organizations. As a result, we have initiated several projects with HBCUs and corporate partners.

The NHBCUAA is pleased to extend an invitation to you to become a member of the NHBCUAA Society. Members of the Society are supporters of HBCUs and recognize the importance of this untapped source of future leaders and avenue to groundbreaking research. We offer two membership levels: 1) Non-profit organizations with an annual membership of \$1,000 and 2) Corporations with an annual membership of \$5,000. Your outstanding business acumen, support to community organizations, and respect within your professional community are characteristics that align with the vision and mission of the NHBCUAA and we would like to have you as a part of the team.

Membership into NHBCUAA includes the following:

- *Expanding your sphere of contacts and developing new business networks;*
